

# Tabled Series

Emergency luminaire with a ground-breaking design and unique characteristics on the market, thanks to the possibility of orienting the luminaire at 7 different angles. Modern, uniform lighting made up of an extra-flat LED panel (colour temperature: 5,000 K). Choice of maintained or non-maintained mode. Pre-plate connection system. Remote controllable.

## Maintained / Non-maintained

model	Φ (lm)	A (h)	P net (W)	RRP (€)
