

Élite Series **CENTRALIZED**

Classic beacon light with a timeless design and high resistance. Consisting of a central white LED and polycarbonate diffuser available in various colours. Centralized (powered by a centralizing device) and maintained functioning mode. To be installed in round or square universal box.

Maintained

model	power supply	RRP (€)
PC-BT	6 Vdc	12.37

To request different body finish and/or different diffuser colour, change the corresponding letters in the reference. To request IP55 protection rating, add the letter "E" to the reference. Example:

Diffuser colour	O □ T □ V ■ A ■ R ■
Protection	IP42 E IP55 (+3.06 €)
Body	B White A Anthracite (+0.57 €) G Graphite (+4.59 €) C Matt chrome (+4.59 €)

Technical characteristics

- ◇ Electrical insulation Class III
- ◇ Remote controllable (centralising device)
- ◇ Protection rating IP42 or IP55, IK08
- ◇ Finishes and accessories on page 54.

Surface mounting

Élite beacon light with opal or transparent diffuser.

Installation scheme

Élite Series CENTRALIZED

Centralizing device

- ◇ The centralizing device powers the beacons at 6 Vdc, both in the presence of the mains (maintained) and in emergency mode.
- ◇ It can power a maximum of 80 beacons ensuring a 1 hour autonomy in emergency mode.
- ◇ With remote control input.
- ◇ Ni-Cd (HT) battery.
- ◇ Can be mounted on a M36 DIN rail (9 modules).
